SK-HONCT40-MB3

MAGNETIC BELT KIT FOR HONEYWELL DOLPHIN CT40 + RETRACTABLE REEL

(Care / Carry - Magnetic holders)

Material	**Synthetic**
Material	**Metallic (plate for magnetic holder)**
Material	**Neodymium (magnets)**
Size	**Universal**
Main colour	**Black**

Kit for magnetic hooking of the PDA HONEYWELL DOLPHIN CT40 to the belt & Retractable reel
Its magnetic belt fastening system allows you to easily and quickly attach and remove the PDA from your belt whenever you need it.
You keep your hands free, without loss of efficiency, while minimising the risk of breaking your device!
The retractable reel further secures the PDA against falls, as well as making it easier to hook onto the magnetic holder.

This kit comprises the following 3 accessories:

1. **a protective and carry slipcover made of high wear-resistant synthetic material (SHOL-HONCT40-M)**, fitted with:
- a protective transparent plastic film for the keyboard and the screen, which does not affect normal touchscreen use
- a metal plate incorporated in the back, allowing the terminal to be fixed to the belt on the magnetic holder (SA-IDSMAGNETBELT)
- a fabric loop for inserting an oval carabiner to hang the terminal on the shoulder strap (SHOL-STRAP1), or on the retractable reel (OS48-702)
- 2 metal eyelets for fastening lanyards (SA-MINISTRAP1 or SA-HANDSTRAP1)

2. **a reinforced fabric holder with strong magnetic attachment system (SA-IDSMAGNETBELT) to be worn on the belt thanks to a loop sewn on the back**

3. **a professional retractable reel (OS48-702), which hooks directly onto the belt on one side and onto the slipcover on the other side**

Best used with our SILVERBACK belts: SA-VOCTXBELT-xx (xx available from size S to 3XL).

The shoulder strap (SHOL-STRAP1) and the belt are not included, to be ordered in addition if required.

CAUTION: the magnetic holder SA-IDSMAGNETBELT is dangerous if used with a pacemaker

Two other magnetic kits in this series are available under the part numbers:

- SK-HONCT40-MB1: Protective slipcover + magnetic belt mount
- SK-HONCT40-MB2: Protective slipcover + magnetic belt mount + shoulder strap
