

# SUP-ABS-ML240P

## TAILOR-MADE ABS SUPPORT FOR TSC ML240P PRINTER

( Care / Carry - Fixed brackets )

Material	Acrylonitrile Butadiène Styène (ABS)
Dimensions (L x W x H)	56,5 x 25,7 x 30,4 cm
Main colour	White

Our ABS plastic stand was tailor-made for use with the TSC ML240P small industrial printer.

Durable, stable and convenient, it will allow you to :

- gain in productivity
- simplify operator work
- optimize workstation space
- reduce printer breakages and failures
- ensure better traceability of label usage

Perfectly adapted to the new generation 4" TSC ML240P printers, this new SILVERBACK support allows feeding of packs of 2 000 fanfolded labels. In addition, storage space is provided for a second pack of 2 000 labels, bringing the total to 4 000 labels. Operator refilling and handling time is significantly reduced, as well as breakdowns or breakages due to handling mistakes. Its small size, lightness, robustness and high label storage capacity will greatly improve workstation ergonomics and allow efficiency gains for all operators.

- French design and manufacturing
- Lightweight and ergonomic
- Source of substantial productivity gains
- Washable, disinfectable and reusable
- Guaranteed 5 years, including breakage
